HAMILTON
PARTNERSHIP

NEWS TO KNOW

Becoming Better to Serve Better

As the Township grows, attracting more residents and more businesses, we find our efforts focused on assuring Hamilton remains our "Home Town." Change is inevitable. However, we want change for the better!

Opportunity abounds in Hamilton. In the effort of addressing change, Hamilton has in place a land use Master Plan that allows our government to intelligently appreciate the road to Hamilton's future. We have a clear picture of how our "Home Town" is settling over the years until reaching full development. This Master Plan document is not cast in stone. It is subject to revision. The Master Plan is reviewed after so many years and refreshed according to the circumstances of the times. It is a living, flexible, changeable document. However The Master Plan is adopted by ordinance which means it is law! It may be modified by the governing body and the town's administration. The time for a Master Plan review is at hand in Hamilton. During the next two years a thorough study will take place to see how our current Master Plan is addressing the growing needs of our community. It will be an exciting time in the land use operation of Hamilton

and is as serious an undertaking as any item that appears on a local government's agenda.

The Partnership, consisting of key Hamilton entrepreneurs and business executives, will participate in the upcoming Master Plan review working with Mayor John Bencivengo's Administration and the Hamilton Council. Our input will be a limited involvement but nonetheless an important segment of the over all plan. We have a great deal of talent on hand to lend significant advice and cooperation to this undertaking. We all look forward to the exciting challenge.

The Partnership will be opening its first office in Hamilton's "Shoppes at Hamilton" located on Route 130 N. The office will be open for business in September and we look forward to being better equipped to serve our members and all business operations in a more fulfilling and convenient manner. The Partnership office will be opened daily and all are welcomed to stop by and take advantage of our commitment to the Greater Hamilton community.
